

Printing Instructions (do not print this page)

This file is intended to be printed onto two double-sided sheets of 8.5” x 11” paper, and then folded in half to produce an 8-page zine.

- P1 of the file contains page 8 and page 1 of the zine.
- P2 of the file contains page 2 and page 7 of the zine.
- P3 of the file contains page 6 and page 3 of the zine.
- P4 of the file contains page 4 and page 5 of the zine.

Print the four pages exactly in the order given (double-sided and with “flip on short edge”). Then fold in half and staple so that the two halves of P1 form the front and back covers of the zine.
